How to play the game:

10 Challenges

- 1) Seven (7) or more pins
- 2) Eight (8) or more pins
- 3) Six (6) or more pins
- 4) Nine (9) or more pins
- 5) Strike
- 6) Nine (9) or more pins
- 7) Nine (9) or more pins
- 8) Split (Leave 2 to 4 pins 2 or more pins apart).
- 9) 7 or 10 pin "Only"
- 10) Exactly three (3) pins

Each game has ten challenges (Left). All bowlers attempt to complete one-ball challenges at the same time. If all bowlers do not get the challenge (i.e., no one gets a split) everyone continues to the next challenge. The survivor with the most challenges wins the jackpot. Tied games are broken with a sudden-death roll-off. Get all ten challenges to win the progressive jackpot.

After the third game, five bowlers who participated in the game are selected at random to play one more elimination game for Free. **The winner takes home a DV8 Diva Ball from BowlersMart.com.**

Challenges change after each game. Optional one time \$5 rebuy allowed anytime during each game. Exception: If two bowlers remain in the competition rebuys no longer apply when neither bowler used a rebuy during the game. Rebuys fund the progressive jackpot.
